Code Fellows Seattle, WA

Certificate - Advanced Software Development in Full-Stack JavaScript, 2022

US Naval Air Station Pensacola, FL

FAA Certificate - Air Traffic Control Trainee | June 2016

Western Oregon University Monmouth, OR

Completed most course work for B.S. Integrated Science Education | 2012

EXPERIENCE

Air Traffic Control, US Marine Corps, Yuma, AZ March 2016 to March 2017

- Diligently trained and became qualified in a high-stress and complex environment as a Flight Data Technician, contributing to a team of highly trained and skilled personnel that oversee the overall safety and efficiency of all military and civilian ground and air traffic at Marine Corps Air Station Yuma.
- Successfully accumulated over 800 hours as a Ground Controller by using strategic planning and attention to detail which resulted in the safety and security of military and civilian pilots, personnel, passengers, multi-million-dollar aircraft, ground transport, and equipment that traffic all runways and taxiways.

Physical Science Student Teacher Dallas High School, Dallas, OR, Sep 2013 to March 2014

- Rigorously prepare lesson plans that are engaging, evolving, and catered to a wide spectrum of students with varying degrees of learning needs.
